

INTEGRATED TRAUMA AND RECOVERY WORKSHOP PROGRAM
 Wednesday 20 November 2013

| Time | Program | Speaker |
|-------------|--|--|
| 8:30-8:45 | TRI Seminar Rooms 2003/2004 | |
| 8:45-9:00 | Welcome | Prof Michael Schuetz Professor & Chair in Trauma, QUT / Director of Trauma, PAH |
| | Diamantina Health Partners - Flagship Themes, structures and vision | Prof David Theile Chairman, Diamantina Health Partners |
| | Integrated Trauma and Recovery - Workshop structure | Prof Michael Schuetz |
| 9:00-10:30 | Session 1. Trauma Systems for Developing Countries | Prof Michael Schuetz (moderator) |
| | Disaster Response in Asia Pacific – Status quo and my wish list for the future! | Dr Ian Norton Emergency Physician, Royal Darwin Hospital / Director of Disaster Management, National Critical Care & Trauma Response Centre (NCCTRC) |
| | Orthopaedic care in developing systems – What is needed! | Dr Des Soares Orthopaedic Surgeon |
| | Experience from DR Congo – What can we do to help. | Dr Paul Millican Plastics & Reconstruction Surgeon, PAH |
| | The Centre for Emergency and Disaster Management. | Prof Gerry Fitzgerald Professor of Public Health & Director, Centre for Emergency & Disaster Management (CEDM), QUT |
| | Treatment in Rural Areas by Telemedicine – Steps to make it happen. | Prof Len Gray Centre for Research in Geriatric Medicine, UQ / Director of Telehealth, PAH |
| 10:10-10:30 | DISCUSSION | 20min |
| 10:30-10:45 | Morning Tea break | |
| 10:45-11:00 | Trauma Database | Prof Michael Schuetz |
| 11:00-12:45 | Session 2. Complex Trauma - Introduction | Dr Rob Eley (moderator) Academic Research Manager, Emergency Medicine Research Program, UQ/PAH |
| | Injury Prevention: Cycling and trauma – Improving safety through data | Dr Kirsten Vallmuur ARC Future Fellow, Centre for Accident Research & Road Safety (CARRSQ), QUT Rob Eley/Esther Jacobson |
| | Prehospital: Challenges in treating complex trauma in the prehospital setting. | Prof Vivienne Tippet Professor of Public Health & Director of Research, School of Clinical Science |
| | Emergency Department: Challenges in treating complex trauma in the emergency department setting. | Dr Glenn Ryan Emergency Physician, PAH |
| | Acute Care: Challenges in treating complex trauma in the acute care setting. A new possibility in first line treatment of spinal cord injury | Dr Mirjam Neumann Trauma Fellow, PAH Esther Jacobsen Clinical Research Projects Coordinator, QUT |
| | Imaging: Diagnosing spinal cord injury – can we 'see' more? | Dr Marc Ruitenberg Research Fellow, The Queensland Brain Institute, UQ |
| | Biomedical Engineering: Healing the damage through biomedical engineering. | Dr Devakar Epari Senior Research Fellow & Team Leader, Trauma Research Group, QUT |
| | Data mining: Mining ED patient flows - What the data really tells us | Dr Suriadi Suriadi Research Fellow, Business Process Management, QUT |
| | Rehabilitation: Working toward goals or moving goal posts? | Dr Steven McPhail Centre for Functioning and Health Research, Metro South Health & QUT |
| | DISCUSSION – Complex trauma, continuums of care and collaborations | 20min |
| 12:45-1:45 | Lunch | |

| | | |
|-----------|---|---|
| 1:45-3:30 | Session 3. Geriatric Trauma | Dr Steven McPhail (moderator) Centre for Functioning and Health Research, Metro South Health & QUT |
| | Setting the senescence | Dr Steven McPhail |
| | 'Fixing' interventions in orthopaedics | Orthopaedics Unit, Princess Alexandra Hospital |
| | Time doesn't heal all wounds | Prof. Zee Upton Institute of Health and Biomedical Innovation, QUT |
| | Don't fall for misconceptions | Assoc. Prof. Terry Haines Monash Health, Monash University |
| | Decisions in aging and geriatric trauma research | Prof Len Gray Centre for Research in Geriatric Medicine, UQ |
| | Critical research in critical care – a clinician's perspective | Dr Marc Nickels Critical Care, Princess Alexandra Hospital |
| | Advancing clinically relevant trauma research in specialised rehabilitation services | Dr Tim Geraghty Division of Rehabilitation, Metro South Health |
| | DISCUSSION - Operationalizing geriatric trauma research | |
| 3:30-4:00 | Presentation 'The good parts & the challenges of multidisciplinary, multi-campus research collaborations | Prof Lutz Claes |
| 4:00-4:30 | Summing Up Discussion Future Steps | Prof Michael Schuetz |
| 4:30-5:30 | Networking Drinks | |
